PROFESSIONAL EXPERIENCE

**Caribbean School of Architecture
University of Technology Jamaica**

Design Tutor [Part-Time] in Design Studio Masters II

Sep 13-Jun 16

The Design Studio MA II course [final year Master's Programme] focuses on urban issues through the study of a small city or town. The two primary projects for the year focus on Housing and Civic buildings. While the two primary projects are located in a local town or city, the students spend two weeks on a Study Tour in a nonenglish speaking Caribbean country where they do further studies in urban issues.

Senior Tutor in Design Studio 4

Oct 99-May 07

The Design Studio 4 course [final year Bachelor's Programme] focuses on urban issues through the study of a small city or town. The two primary projects for the year focus on Housing and Civic buildings. While the two primary projects are located in a local town or city, the students spend two weeks on a Study Tour in a nonenglish speaking Caribbean country where they do further studies in urban issues.

Lecturer in "Experiencing Architecture"

Jan 98-May 01

The course is taught to the second year students in the undergraduate program. The course focuses on the development of spatial sensitivity and the understanding of the components which contribute to the quality of architectural spaces. Typical teaching duties include research, lectures and field trips.
